Conditions to which the applicant for images is subject from the Museu Picasso in Barcelona

The use of images of works by Pablo Picasso and other artists that form part of the Museum's collection is subject to intellectual property rights. In the case of Picasso's works in particular, the rights must be managed with Picasso Succession, the titleholder of the artist's rights. For this reason, prior to making use of them, the applicants must contact the collective management entity of intellectual property rights that belongs to their country in order to obtain the authorisation and to pay the corresponding amounts. In Spain this entity is VEGAP (Núñez de Balboa, 25, 28001-Madrid, tel. 91 532 66 32 / Fax 91 531 53 98 /<http://www.vegap.es>). For other countries, you can consult the Picasso Administration website.

The Museu Picasso of Barcelona will not provide any reproduction of Picasso's work without the prior permission of the Picasso Succession.

The user agrees to follow the instructions of the Museu Picasso on how to reference the reproduction provided.

The images will be used for a single use and for the purpose indicated on the application form. Obtaining the corresponding authorisation only benefits the applicant and does not allow their use to be transferred to a third party.

It is expressly forbidden to use the images for purposes other than those for which they have been requested; likewise, the use in another territorial area or for a purpose other than those indicated is prohibited. Each different use requires a new authorisation. The Museu Picasso does not grant exclusive authorisations or licenses. The fact of obtaining permission to reproduce images does not imply the right to use the name and identifying elements of the Museu Picasso. Under no circumstances can it be implied that the activity of the applicant has the support or collaboration of the Museum. The name of the Museum can only be used to reference the origin of the images.

The Museu Picasso may revoke the use of the reproductions provided if the applicant fails to comply with any of the conditions mentioned in this document and may also exercise the right to take any legal action it deems appropriate against persons who fail to comply with these conditions.

The Museu Picasso will be grateful for the delivery of a copy of the publication where the image or images provided appear, or the communication of the website from which they are disseminated, in order to incorporate this documentation and information in the Knowledge and Research Centre of the Museu Picasso.

The images will be provided in digital format with the appropriate quality for the end use of the reproductions.
